

## Sec 5 Town 8 N. R 1 E

December 3<sup>rd</sup> 1900

I George B Rader hereby certify that I was a sworn Deputy Surveyor in and for Monroe County in the state of Indiana during the year 1896, acting as such under Elmer E Buskirk the official Surveyor of said county, and that I did in the month of June of the said year, (1896) by the request and agreement of all the parties concerned, namely Thos. Empson, Thomas Lamphkin, Frank Lamphkin, George Campbell, and Susan Ellis represented by John Leusic meet at the residence of the said John Leusic the above named parties and proceeded to make the following survey in Section Five, Town eight North, Range one East as shown by plat and field notes appended hereto.

And I had for chain markers Wm St. Sewell and Wm T. Shriver and for Flag bearer Joseph Reed, all duly sworn.

And I farther certify that I made my report as deputy in due time, and also made a record of the field notes on the Township book which I had in my possession. But as we had to use the mail and other facilities for exchange of papers, books &c, it now occurs that my report of this survey to the said Buskirk is lost and not of record on the county Surveyors book. I ask the present county Surveyor to transcribe them together with these statements on his docket.

George B Rader.
